

Laithwaite's LIVE London 2018

The Ministry of Taste The Music Sessions Order Form

Enhance your Laithwaite's LIVE experience by attending one of our brand-new tasting experience sessions brought to you by The Ministry of Taste.

Our intrepid gastronomers, Justin and Grant – the Ministers of Taste – have found a new frontier to boldly go to. They have been inspired by their recent explorations into the way that sounds can influence your perception of taste.

So, after extensive research (yes, lying around, drinking wine and listening to music), they are delighted to invite you to join The Ministry of Taste, for a Wine and Music tasting that will amaze you and delight you in equal measure.

Using state of the art individual headphones, you will listen to three very different music tracks while you taste each wine. Will the music change the flavour, or alter how much you enjoy the wine? And if so, how on earth can this actually work?

Pre-order your tickets today to secure your spot on one of our music and wine sessions; just complete and return this form to events.feedback@laithwaiteswine.com and we will inform you of which session you are booked on to.
